Sir:

This is in response to the Office Action dated December 9, 2003, issued in the above-identified application, wherein Applicant respectfully requests the resetting or restarting of the reply period under MPEP §710.06.

The subject Office Action, part of paper 1103, references Zmora (U.S. Patent No. 6,028,909) (hereinafter Zmora) at paragraph 17 as being material to patentability under 35 U.S.C. §103(a). However, a copy of Zmora was not provided with the Office Action, no citation of Zmora was made on either form PTO-1449 or form PTO-892, and no presence of Zmora was found on the E-Patent Reference site in the PAIR system. A follow up telephone conversation between the Examiner and Applicant's representative on December 18, 2003, concluded that the absence of Zmora in the subject Office Action was an incorrect omission.

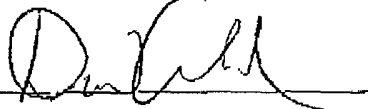

Accordingly, and in view of Zmora being material to a fully responsive reply to the subject Office Action, Applicant herein respectfully requests that a copy of Zmora be made available, and that the reply period be reset in accordance with MPEP §710.06.

The Examiner is invited to contact Applicant's Attorneys at the telephone number listed below if additional information may be needed regarding this request.

Respectfully submitted,

CANTOR COLBURN LLP
